

A Series™

Pick Your Color

Our A Series™ Family of heavy duty, multi-pin, thermoplastic, rectangular connectors encompass a wide range of products, serving a variety of industries, and **come in a variety of color modifications, as well as custom options, for your specific needs.**

Colors are often used to help differentiate between keying options, but **we also offer color modifications across a large number of our A Series™ product lines for your specific project needs.**

Available color modifications:

Grey	Blue	Green
Brown	White	Red
Black	Yellow	Orange

Custom colors are also available. Contact your Sales Representative or Customer Service Representative for more information.

Standard products. Custom solutions
